

# Neva Been Scared

## **VERSE I**

Super ballin', sexy, tall and you came walking by.  
Second look I gave and took cause yeah you caught my eye.  
Fell so quickly, madly, deeply got my heart for sure.  
So afraid to let you see that I'm already yours.

## **B-Verse**

You're not just another one, not like the other ones  
Your so fly, your so fine.  
I got me a lover. I got me a lover.  
Who loves me right, treats me right.

You're not just another one, not like the other ones  
I'm so high. I can't deny  
But I'm so afraid I can't let him know

## **CHORUS**

I ain't never!  
I never been scared, never been scared of love.  
Oh, I, I never been scared. Never been scared of love.  
I ain't never.  
I never been scared. Til I met you.  
I never been scared of love

## **VERSE II**

No emotions, in control now that's the girl I am  
Poker-faced and never shaken, always get my man.  
How I've fallen so completely I don't understand  
All I know I'm catching feelings I ain't never had.

## **B-Verse**

You're not just another one, not like the other ones  
Your so fly, your so fine.  
I got me a lover. I got me a lover.  
Who loves me right, treats me right.

You're not just another one, not like the other ones  
I'm so high. I can't deny  
But I'm so afraid I can't let him know

**BRIDGE**

Love don't hurt me let my heart go  
Boy, come free me. Help me let go!
