

# The 14<sup>th</sup>

## Verse I

Tomorrow's the day  
I planned my escape  
New life awaits. So I cannot stay  
I'm really gone. No turning back  
I've waited so long. Now it's my turn finally!

I had a dream. I had a plan.  
But I laid 'em down to stand by my man  
He can melt me with one kiss.  
Well its not tomorrow and I can't resist so

## Chorus

Please hold the sun. Don't let it come up until I am done  
Make this last night last as long as I want  
Have mercy father.  
Keep it the 14<sup>th</sup>. Keep it the 14<sup>th</sup>.

Please hold sun don't let it come up I'm still having fun  
He has no clue that tomorrow I'm done  
Don't wanna ruin this beautiful 14<sup>th</sup>.  
Keep it the 14<sup>th</sup>.

## Verse II

Ride, check! Flight, check!  
We grew apart over the years  
You're still in my heart but I cant stay here  
Its bad for my mental  
But ooh wee the physical  
I'm so emotional. Damn! This is difficult.  
If I had one wish what would I say?  
If time could stand still what would I pray?  
One more time before I go away. Love me. Touch me baby!

## **(CHORUS)**

### **Bridge**

Bags check! Keys check! I'm getting weak in my knees yes!  
Money check! Time, check! I must be outta my mind yes!  
Cause yesterdays sorrows when I'm in his arms disappear.  
And leaving tomorrow when I'm in his arms brings me tears  
Now daylight is here!

### **Chorus**

Please hold the sun. Don't let it come up until I am done  
Make this last night last as long as I want  
Have mercy father.  
Keep it the 14th. Keep it the 14th.

Please hold sun don't let it come up I'm still having fun  
He has no clue that tomorrow I'm done  
Don't wanna ruin this beautiful 14th.  
Keep it the 14th

### **Vamp**

We see the sun shine through our window but only on one  
I have to go now its rushing me out  
On to my freedom this beautiful 15th look at this 15th  
Look at it shine! Saving me from this cold bed full of lies  
Keeping me warm as I start my new life.  
On to my future this beautiful 15th.  
Thank you for taking me in!
