

THINK AGAIN

VS I

You remind me of a man I once knew
Oh it was you. It was you.
I turned around. I looked back.
Decided to give another chance.
What did I do? What did I do?
A moment of weakness came in.
A moment of pleasure and sin
But I cannot throw away better days
To have a moment as we lay

HOOK

If you think that I'm gon' let you do me wrong
Then think again
I'd rather be alone and sometimes smiling
Than be here with you and always crying

If you think that I won't make it without you here
Better think again
Id rather be alone and sometimes smiling
Than be here with you and always crying

VS II

The past is over. The past is gone and we're through.
There's no me and you, no me and you.
You came around. I took you back
I thought I was missing what we had.
What did I do? What did I do?
I opened the door I let you in.
We've been here before but that was then.
So give me my heart. Give me my keys.
This time I gotta do what's best for me.

BRIDGE

Sometimes its' harder than a little bit
Sometimes I'm not sure that I'm over it
But right now I'm taking care of me... and
Sometimes I really don't know what to do and
Sometimes I'm not sure that I'm over you
But I know I'm not gon be a fool!
Hey!

If you think that I'm gon let you do me wrong
Better think again
Id rather be alone. Be by myself
Than stay here with you
I can't lose myself

Oh If You think that I
If you think that I
Hey! Its time for you to think again
I said HEY! Its time for you to think again!
