I've been working hard all week and I can't wait to put my arms around you Its so hard to be without you

KP

Baby, come to me. Right now I feel a little lovesick and you are the remedy

Pre-Chorus

KP/Reuben

Ooh time to get the weekend started
And time to get back to love

CHORUS

We gotta get back to love
Gotta get back to trust
Gotta get back to love
Gotta get back to us
(Repeat)

VS II

KP

Time just seems to fly when I'm with you. You are my guilty pleasure. Make this moment last forever.

Reuben

Stop! Let's press rewind. Make love again and again and again.
It never has to end.

Pre-Chorus

KP/Reuben

Ooh, let the world just fall apart yeah
While we get back to love

BRIDGE

And if the world goes crazy
And if the world comes to an end
Long as you're right here with me
As long as there's you
Ooooh let the world just fall apart yeah
While we get back to love
