Conversations w/HER

***Kelly Price**
**Algebra*

He's yours! You got him. Now what is this you say?
We have so much in common, more than his last name.
What do you want from me, cuz I don't have the time.
Don't hang up please. Cuz I need to confide.
He's hiding his cell phone **(This I know.)**
And coming home late. **(mmmhmm)** *I have dinner waiting,*
But he already ate. **(But he already ate, yeah I, know**)
I'm tired of crying. Don't know what to do.
Don't like how it feels in your shoes.

So what the hell you calling me for?
Karma's knocking at your door.
I don't have that problem no more.
It's *your bed* now so just lay!

I just can't believe he'd do this! **(Really?)**
Girl he's got you looking real foolish!

I know I deserve this and I'm the one to blame. **(You think?)**
Side chick to Mrs… *(wait a minute…)*
Did you really think he'd change?
What do you want from me? **(Really?)** *I'm trying to make this right.*
Already done you see, you're re-living my life.
The neighbors were talking *(this I know)*
At church was the same. *(Oh I'm sorry)*
You took everything from me. Left nothing but shame. *(And I'm so ashamed)*
So keep your I'm sorry's. *(Hear me)* **They don't mean a thing**. *(Please)*
He's yours now you're wearing the ring! *(I know)*

So what the hell you calling me for? *(I really need my friend)*
Karma's knocking at your door. *(I know)*
I don't have that problem no more. *(Is that all you can say?)*
It's *your bed* now so just lay!

Now I lay me down to sleep.
Praying that our vows he keeps. **(God ain't listening)**
Tossing, turning while he creeps.
Listening as he turns the key.

So what the hell you calling me for?
I guess its catching up to me.
Karma's knocking at your door.
Does it make you happy?
I don't have that problem no more.
That I'm in so much pain
It's *your bed* now so just lay!

So what the hell you calling me for?
Somebody's sleeping in my bed!
Karma's knocking at your door.
It's really messing with my head!
I don't have that problem no more.
I guess I'm getting my pay.
It's *your bed* now so just lay!
